

## ESSAY COMPETITION

The Vancouver Foundation of Art, Justice and Liberty is sponsoring an essay competition this spring for students in grades 10 through 12. The attached announcement explains the details of the competition. We encourage you to promote the competition and post the attached announcement at your school. In past years, some teachers have made the essay competition an assignment for their students.

The purpose of the competition is to heighten awareness and stimulate discussion of values and concepts in the areas of art, justice, and liberty. It is hoped that this will complement subjects included in the school curriculum, especially in courses within the departments of English, Social Studies, History, Law, Fine Arts, Religion and Humanities.

The board of the Foundation includes educators and professionals from various backgrounds who believe in the value of competitions in aiding the development of research and analytical skills in students.

When students have completed an entry, we suggest that a coordinating teacher assemble the entries and forward them to the Foundation office. A copy of the essay competition announcement is found on the following pages. This announcement can also be downloaded from our website at [www.artjusticeliberty.org](http://www.artjusticeliberty.org).
